

Longview
Rotary Club

June 18th, 2022

The 2021 ride was EPIC!

Maybe the Best Ride Ever! Sunny and warm, but not hot. Beautiful views of the mountain, friends, beautiful memories, great support, fantastic food. Best of all... we were together again!!! We had so many positive comments that we can't wait for 2022's ride.

We are back to our full offering this year! After ride showers will be available and the pasta feed will be indoors again.

Yay! It's just more fun to see your friends after the ride and not be sticky/stinky all the way home.

First-timers and old pros, **it's time to get ready to ride!** The Longview Rotary Club once again presents Tour de Blast, a bicycle ride into the heart of the Mount St. Helens blast zone! The Spirit Lake Memorial Highway winds its way up the Toutle Valley into the Mount St. Helens blast zone to the Johnston Ridge Viewpoint. Most of the course is on recently resurfaced highway with wide shoulders and excellent visibility. Fully supported ride with staffed rest areas (food and drink), bike repair, sag wagons and on-course motorcycle aid if things just don't work out (flats, tired, sasquatch sighting...).

Do you like to have fun?

The TDB is more than fun. It's funtastic!! With funtastic people like you!

Do you crave adventure?

It's not crazy. It's fun! See new stuff. Breath fresh air. Experience life.

Do you camp?

We have a **Camping** option

Do you like to make a difference?

The TDB enables the Rotary Club of Longview to do more good at home and in the world.

Do you STP?

The TDB is a great training opportunity. After you ride the mountain you will be confident to tackle the STP.
